INVITATION

On November 22-23, 2013 in Geneva, Switzerland, will be held the IV International Conference "International Cooperation: Innovation as a tool for social and economic changes."

The leading organizer of the conference is International Investment Center, NGO in special consultative status with the Economic and Social Council of the United Nations, with the participation of Russian-Swiss Science Association and the Marketing Research Foundation, supported by Ministry of Foreign Affairs of the Russian Federation, research center CERN and RC Yaroslavl (RD 2220).

International Investment Center cordially invites Rotarians to take part in the conference and conduct presentation about international Rotary projects.

The plenary session of the conference will be held in the conference hall of CERN research center in Geneva. The conference will bring together organizations from Russia and foreign countries.

The conference involves the presentation of the best social-oriented projects of innovative organizations and forming partnerships. Following the event will be organized international groups for the implementation of new projects.

Sincerely,

Andrei Generalov
